

Your Safety is Our Top Priority!

All regulations are set by the ride manufacturer, New York State and insurance carriers of Greek Peak Holdings, LLC for the safety of you and your family. Staff and management will adhere to these regulations accordingly.

Participation in any activity is not recommended for those who are pregnant or have neck/back problems. Reasonable accommodations will be made for participants with disabilities – feel free to contact a Recreation Manager prior to your visit so we can help ensure a safe enjoyable experience!

The Nor'easter Mountain Coaster – Year round Adventure!

The Mountain Coaster is 4,300 feet of pure excitement! A state-of-the-art gravitational hybrid of an alpine slide and a roller coaster, this ride is built to take full advantage of every peak, dip, vertical drop, and turn our mountain has to offer.

You may purchase tickets for a single ride on the coaster or buy a full day pass and ride as often as you like – because once you try it, we're sure you'll want more! Each ride lasts 5-8 minutes.

Your Nor'Easter Mountain Coaster adventure begins on the first floor of our Adventure Center Base Lodge. The speed of each two-person car is independently controlled by you – giving you the option to make each ride a unique adventure. Take it slow and steady as you soak in the scenery, or make an exhilarating descent through the forest at speeds up to 28 miles per hour. There are no big drops & no inverted loops on the ride. The track runs low to the ground, never more than 20 feet high. Your Nor'Easter Mountain Coaster tour ends on the second floor of our Adventure Center Base Lodge. Upon completion, you will have an opportunity to purchase a keepsake photo of your experience.

Safety Regulations:

- Rider must be at least 3 years old and 38 inches tall to ride with a companion who is at least 16 years old.
- Rider must be 54 inches tall to ride alone.
- To ride double, at least one rider must be 54 inches tall and 16 years old with the taller rider in the back.
- Maximum combined weight per car is 350 pounds (or 330 pounds in wet weather.)

Medical restrictions are necessary because we care about your safety. If you are pregnant, have a heart condition, or have previous neck or back injuries, it is highly recommended that you not use the Mountain Coaster attraction. Reasonable accommodations will be made for participants with disabilities – feel free to contact a Recreation Manager prior to your visit so we can help ensure a safe enjoyable experience!

What to wear/ bring

Dress for comfort for the weather. Closed toe shoes are not required but ski boots are not permitted (winter operations). Before beginning the ride, it is recommended that you empty any pockets that do not zip. Lost items are difficult to recover in the one mile circuit covered by the coaster track and staff are not always available to seek them out. GoPro cameras are permitted but must be mounted. Selfie sticks are not allowed. Drivers must use their hands to control the hand brake so holding a camera is not permitted. We do operate in the rain, so dress for the forecasted weather conditions.

Zip Line Tours – Year-round High Flying Fun for the Thrill Seeker

Reservations are required

The Outdoor Adventure Center has 4 Dual Line Zip Lines on site!!! Scheduling a tour means you experience all four lines (2 Lines November – April) for a truly memorable adventure vacation with friends or family.

Soar over our spectacular landscape and take in the view from up to 60 feet above the ground! Fly at speeds of up to 40 miles per hour, crossing over the Nor'Easter Mountain Coaster and gliding high above the mountain stream.

Our guides will entertain and ensure your safety as you glide from platform to platform in the tree tops. Tours are limited to 12 participants, begin during designated time slots & can last up to 120 minutes.

Blue Line - 300 ft This is the "training wheels" to kick off your tour! **Wolf Jaw - 900 ft** A longer ride over a natural apple orchard! **Northwoods Express - 500 ft** Quick and speedy! **Cloud Splitter - 1300 ft** Super scenic, enjoy the views as you exit the wooded canopy and soar over the stream!

The tour begins at the Adventure Center Base Lodge and other lines are accessed via conveyor lift so not too much walking is involved! Instruction is provided by Zip Line guides to ensure all guests are properly trained and meet specific requirements before using our Zip Lines. We provide all of the necessary safety equipment. You will be fitted with a seat harness, a trolley, and a helmet. The equipment used on our Zip Lines is similar to rock climbing equipment but designed specifically for a zip line course.

Safety Regulations:

- Guests must be at least 7 years of age AND 48" tall to ride the Zip Lines.
- Weight requirements are 60 lbs. minimum and 270 lbs. maximum.

Medical restrictions are necessary because we care about your safety. If you are pregnant, have a heart condition, or have previous neck or back injuries, it is highly recommended that you not use the Zip Line attraction. Additionally, all participants must have full use of arms, legs, and hands. Reasonable accommodations will be made for participants with disabilities – feel free to contact a Recreation Manager prior to your visit so we can help ensure a safe enjoyable experience!

What to wear/ bring

Dress for safety! Dress comfortably with **closed-toe shoes**, and avoid loose clothing, dangling jewelry, scarves, etc. Long hair must be tied back, and women should not wear skirts. Short shorts are not recommended, as they can be uncomfortable with the harness. We do operate in the rain, so dress for the forecasted weather conditions.

Before using the Zip Lines, it is highly recommended that you empty any pockets that do not zip. Somebody beneath you might enjoy a wallet or cell phone falling from the sky, but you might not enjoy losing them! GoPro cameras are permitted but must be mounted. Selfie sticks are not allowed. A small water bottle may be brought on the tour provided it has a small carabiner clip to attach to the harness.

High Peaks Aerial Challenge Course – Push your limits!

Reservations are required

The High Peaks Aerial Challenge Course (High Ropes Course) offers just the right balance of healthy, hands-on fun and learning at three challenging levels of difficulty. Trained guides are always present to ensure participant safety. Take the challenge!

Tours are limited to 12 participants, begin during designated time slots & can last up to 120 minutes. Starting with "ground school" lasting approximately ½ hour, the course then works progressively – everyone starts on the 1st level and works their way up in accordance with age and height restrictions. The ropes course includes 21 elements suspended up to 40 feet in the air testing balance, strength, and agility.

The course includes suspended bridges, swinging tires, swinging loops, zip lines, tight ropes, cargo net, etc.

This popular attraction is located along the creek adjacent to the Adventure Center Base Lodge. Operations are seasonal from May-October.

No prior experience is needed and all safety equipment is provided. Our guides ensure harnesses, helmets, and gear are fit correctly, provide instruction on how to use the equipment, and to provide an informational and enjoyable tour on the aerial challenge course.

Safety Regulations:

- Green Course 12-15 feet above ground – guests must be at least 7 years of age and 48" minimum height.
- Blue Course 20-25 feet above ground – guests must be at least 7 years of age and 60" minimum height.
- Black Course 35-40 feet above ground – guests must be at least 15 years of age and 60" minimum height.

Medical restrictions are necessary because we care about your safety. If you are pregnant, have a heart condition, or have previous neck or back injuries or have had a kidney transplant, it is highly recommended that you not use the Aerial Course attraction. Additionally, all participants must have full use of arms, legs, and hands. Reasonable accommodations will be made for participants with disabilities – feel free to contact a Recreation Manager prior to your visit so we can help ensure a safe enjoyable experience!

What to wear/bring:

Dress for safety! Dress comfortably with **closed-toe shoes**, and avoid loose clothing, dangling jewelry, scarves, etc. Long hair must be tied back, and women should not wear skirts. Short shorts are not recommended, as they can be uncomfortable with the harness. We do operate in the rain, so dress for the forecasted weather conditions.

Water bottles can be left near the course but cannot be brought along. We ask that you empty any pockets that do not zip to prevent items from falling. GoPro cameras are permitted but must be mounted. Selfie sticks are not allowed

Snow Tubing

Snow Tubing is an exhilarating attraction requiring no special skills or training and no strenuous workout. It's a great activity to consider for planning a corporate or group event, and it's also popular for birthday parties. You'll be carried to the top of the track by a conveyor lift to maximize ride time without the uphill walking.

Tubing at The Outdoor Adventure Center offers up to 18 winter tubing lanes, with snowmaking, music and lighting available for night operations.

Tubes are provided for no additional charge. No special skills, equipment, or training needed.

Safety Regulations:

- Must be at least 3 years of age AND 42" tall to ride.
- Only one rider per tube is allowed, and only one tube is allowed per lane but you can race against friends as you go down the 900+ foot lanes.

What to wear/ bring:

Dress comfortably and for winter conditions. Gloves, hats, goggles, snow pants, jacket, scarves & boots are all highly recommended. Please wear footwear with good tread. We do operate in the rain, snow, sleet, etc. so dress for the forecasted weather conditions.

Little Adventurers Playland – For tiny humans Ages 3-6 years old only

Bounce House (seasonal)

Outdoor castle measuring approximately 20 feet across and 15 feet high! Includes a basketball hoop & slide!
